

DataMaster

RDM/DMX tool, cable tester, 5p XLR connectors, pouch, charging cable, XLR adapters
ORDER CODE: **DATAMASTER**

DataMaster is a very compact and versatile RDM-DMX tool, a 'must-have' for all lighting designers. This powerful tool automatically detects the RDM enabled devices and allows the user to monitor and control them rapidly and effectively. The fixtures' status information such as the burning time of the lamp, can be read directly on the **DataMaster** - the user doesn't have to go to the fixture. The simple, user-friendly operation coupled with the extra features such as cable testers and DMX recorder make the **DataMaster** ideal for troubleshooting installations.
